Thanks Joe,

I left Jean B. a message and have not heard back from EJ yet. I have incorporated all comments from you, Henry, Sara, Libby, Howard, in draft 2. I changed a little of your paragraph on CDC.

I will find you as soon as I hear from EJ.

Thanks,

Nikia

Hi, Nikia:

If you haven't already drafted some language, take a look at the text I added to address Libby's questions. Let's talk about the process to finalize the letter after you have heard back from Environmental Justice.

Thanks,

Joe

Julie,

Please see two edits, one on top of page 2 and the other on top of page 3.

Thanks,  
Howard

Shaun: I wanted to give you a heads up on the status of our reply to John Ray. As you can see we sent this last version of the document yesterday to our EJ and OCPI groups for final review. The letter should go out early next week.

A good addition is references and hyperlinks to all the documents where we have addressed EJ issues for Butte. That should help with other audiences, besides John Ray, in seeing our past responses and recent expansions to address issues raised.

Sandy: I am including you because Dr. Ray's last missive went to the Congressionals.

Let me know if you have any final thoughts or input.

Nikia,

Very good letter. I have some suggested changes in redline strikeout, attached. They are edits and for clarity.

Henry

Confidential:

All,

I have attached a draft response to Dr. Ray for your review along with the attachments referenced in the draft response. Please let me know if you have any concerns before sending this to Dr. Ray. Also, I am not sure if I have copied everyone that should be part of this review, please forward if I have missed someone.

Thank you, Nikia
